400 Million Celts. One Voice.

2500 years ago, tens of thousands of nomadic Celts roamed across Europe, eventually settling along the continent's western coastline. Though without kingdom nor hierarchy, they were larger than both the Roman and Greek Empires.

Today, their descendants number in the hundreds of millions, and can be found in every corner of the planet.

Celtic Life International Magazine has been connecting the Celtic community for more than 30 years.

Our flagship publication, Celtic Life International Magazine, is published six times a year in both print and digital formats, and is home to an extensive collection of feature stories, interviews, history, heritage, news, views, reviews, recipes, events, trivia, humour and tidbits from across all Seven Celtic Nations and beyond.

Our website and social media channels inform and engage millions of Celts from all walks of life each month.
